Bisexuality has been largely erased from studies of sexuality and gender, and people who desire others of more than one gender often remain invisible. This book sets a new agenda for considering sexualities and genders, by focusing on the lives of people who are bisexual or who have other identities that are not heterosexual, lesbian or gay, in an international context. What are bisexual ...

"Bisexuality: Identities, Politics, and Theories makes a substantial contribution to filling a gap in the current scholarship on sexuality. ... Monro has written a magisterial book that will become a 'must read' text in the field of sexuality for experienced scholars, students, and social activists ... I thoroughly enjoyed reading Monro's book and I definitely recommend it. The current scholarship needed a book like this and I hope it will open the way for further research." (Dr ...

genders and sexualities, the focus of analysis in this study is on sexualities. In the field of sexualities, collective identities such as GLB (gay, lesbian, bisexual) have developed over time and the contemporary orthodoxy for referring to the various identities outside of heterosexual experience is LGBTIQ+. The expansion of this collective acronym reflects a tension in the field of ...
