Dental hygiene schools are always looking for good faculty and an individual with clinical experience is a true asset. This would be a great place to start as every educator truly utilizes management skills. Seek out others who are in roles that you aspire to and see if these hygienists would be willing to mentor you, even on a voluntary basis. You should willing to start a a bottom level management position and then work your way up.

The growth and financial health of a dental practice go beyond delivering beautiful smiles, though. From a business standpoint, a dental practice's team members need to plan and implement goals that bring in new customers while retaining current patients. If your dental hygienists do not have a foundation in how to plan SMART Goals, your dental practice may stagnate or slow. SMART Goals are: Specific; Measurable; Achievable; Relevant; Timely
