It is important in practice management for the team members to understand the dentist's treatment philosophy because they are responsible for articulating it to the patient. The philosophy is expressed in all forms: the website, printed matter, advertising pieces, welcome letters, and so on. Some offices have a written treatment philosophy that is posted in the reception room.

Owning a dental practice is no easy task. Although you excel at providing your patients with superior oral health care, it's easy to become so caught up in the day-to-day operations that you forget about the other vital element of a successful dental practice: an exceptional patient experience. The fact is, the way you manage your dental office leaves lasting impressions on your patients and ...
