War Before Civilization: The Myth of the Peaceful Savage. By Lawrence H. Keeley. Oxford University Press, New York. 1996. Preface – The author made several proposals for research funding. A third proposal was successful only after he rewrote it to be neutral about the function of the Darion ditch-palisade, which was referred to as an "enclosure. The percentage of violent deaths at the ...

This book examines the attitude of a large part of anthropologists that, as a rule of thumb, tend to disregard how serious war was before the advent of civilization. Using circumstantial evidence, archeological and ethnographic, Keeley argues that wars were total, more serious and more lethal in "primitive" societies if considered proportionally.

[War Before Civilization: The Myth of the Peaceful Savage ...](#)

Lawrence Keeley's War Before Civilization should draw readers into debate. While Keeley, an archeologist, begins his book as though the enemy were H. H. Turney-High, whose, Primitive War (1991 [1949]) is still widely cited by prominent military historians such as O'Connell, the anthropologists that he really goes after are those who blame war in the non-Western "tribal zone" on Western contact ...
